Frontend: HTML, CSS, JavaScript, TypeScript, React.js, Next.js, Zustand, Tailwind CSS, Material UI, Shadcn/Ui

Backend: Node.js, Express.js, Mongoose, Prisma, MongoDB, Passport.js, PostgreSQL

Tools & Technologies: Git, GitHub, Firebase, JWT, Auth JS, Clerk, Stripe, TanStack Query, Figma, VS Code, Monorepo Architecture,

Soft Skills: Communication, Teamwork, Adaptability, Leadership, Problem-solving, Time management

EXPERIENCE

MapleBPO | Rajshahi, Bangladesh   **Mar 2025** – **Present**

Full Stack Developer

Built and deployed responsive web apps using React, Node.js, and Express. Integrated third-party APIs and designed efficient database schemas. Collaborated on scalable architecture and user-friendly UI, ensuring quality through thorough testing and debugging.

PROJECTS

Recipes Booking Application   Live site | GitHub (Client) | GitHub (Server)

Full-stack MERN project for food ordering and inventory management.

- Implemented secure Firebase Authentication (Email & Google) with JWT-protected routes and user-specific order management.
- Developed an admin panel with full CRUD functionality to manage food inventory efficiently.
- Created a responsive and interactive UI using Tailwind CSS, Dark/Light mode toggle, Framer Motion animations, and an image gallery with Lightbox.

Technologies: TypeScript, React.js, TailwindCSS, ShadcnUi, Express.js, MongoDB, Firebase, JWT

Food Expire Tracker System   Live site | GitHub (Client) | GitHub (Server)

Full-stack MERN project for gardening tips sharing and community engagement.

- Built a full-stack MERN app with Email and Google authentication for secure user login.
- Developed features for users to create, edit, delete, and manage gardening tips in a personalized newsfeed.
- Designed a fully responsive UI for seamless browsing on desktop and mobile devices.

Technologies: JavaScript, React.js, TailwindCSS, DaisyUI, Express.js, MongoDB, Firebase

EDUCATION

Bachelor of Business Administration   2024 - Present
National Univeristy
Chapainawabganj, Bangladesh

CERTIFICATIONS

Complete Web Development Bootcamp   2025 Jan - Jul
Programming Hero
Completed a hands-on bootcamp focused on the full MERN stack (MongoDB, Express.js, React, Node.js), along with modern tools like Tailwind CSS, DaisyUI, Firebase, JWT, and Stripe.
